

The Difference Between

BELAY vs. Hiring Locally

Why should I outsource to BELAY instead of just hiring someone locally?

The decision between hiring locally and outsourcing often depends on various factors to meet your business goals.

Here, we make it easy for you by comparing the two.

	 BELAY	Local Hire
Cost	Pay a one-time start-up fee and your flat monthly rate – and none of the fully burdened costs of an employee. It's fractional, so you choose the package that fits your exact needs.	Pay full-time salaries – plus benefits, payroll taxes and recruiting, equipment and training costs.
Flexibility	Scale up or down based on demand or business cycles.	Constraints of hiring and firing employees based on demand or business cycles.
Expertise & Experience	BELAY has been matching clients for nearly 14 years. It's what we do – all we do – so we can do it easier, faster and likely better than you.	Hiring someone locally yourself can be ineffective if you lack experience in recruitment and vetting processes.
Time to Hire	Once you sign a contract, you'll be matched with a BELAY Assistant in as little as one week.	Create a job description, post the opening, recruit, interview and onboard. On average, it takes 42 days to hiring someone.
Talent Pool	BELAY receives approximately 10,000 applications every month – and we only work with about 40 of them. That's the top U.S.-based talent – fully vetted through written, hard and soft skill, personality and cognitive assessments – and ready to go.	Limited to the talent that lives in your local community.
Turnover	We have people ready to start serving you right now if a transition ever needs to happen.	If it doesn't work out, you have to start at the beginning to refill that position.
Support	With BELAY, you get a team to help you succeed. We are your personal advocates for success.	You're on your own.

With BELAY, you get a trusted partner.

After nearly 14 years of providing exceptional, executive-level services, BELAY knows what it takes to be the best. Our U.S.-based talent has earned BELAY the Inc. 5000's Fastest-Growing Companies for nine consecutive years.
